

## Preuzimanje Windows 10 operativnog sustava sa portala Microsoft Azure

Kada smo prijavljeni u portal, u pretraživač upišemo „education“ i odaberemo ga sa popisa.

Nakon toga, s lijeve strane odaberemo „Software“

Na popisu softvera pronađemo Windows 10 Education. Kada kliknemo na to, s desne strane nam se otvara info o softveru, klikom na *Download* preuzimamo softver, a klikom na *View key* vidimo ključ za aktivaciju.

## Windows 10 Education, Version 1809 (Updated Sept 2018)

For this multi-edition Consumer media, use a product key specific to the edition in the list you want to activate. From desktop, select the Start button > Settings > Update & Security > Activation. Select Change product key and enter your product key. If the key is valid, you'll be asked to confirm the edition change, and Windows then performs it for you. Windows 10 Professional, version 1709 or newer, will not be installed before using the Windows 10 Pro for Workstations product key to activate the edition. Both Windows 10 Professional and Windows 10 Pro for Workstations product keys will activate Windows 10 Professional, version 1703 or newer media.
