

ART OF SCIENCE COMMUNICATION

ASM Professional Development Workshop

Organized by: University North (Croatia); American Society for Microbiology (USA)

SPEAKERS AND TOPICS

TOMISLAV MEŠTROVIĆ
Organizing Chairman

Lecture Topic: Historical
Perspective on Science
Communication

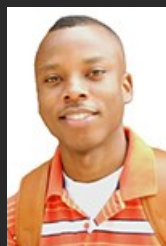

Tomislav is an Assistant Professor and a course coordinator for "Microbiology and Parasitology" at the Department of Biomedical Sciences of the University North. In addition to his interest in clinical, research and lecturing activities, his immense passion for medical writing and scientific communication goes back to his student days. He also acts as an ASM Young Ambassador of Science to Croatia and is a member of the ASM Young Leaders Circle.

APRIL CASHIN-GARBUTT
Invited Keynote Speaker

Lecture Topics: Interviewing
Techniques in Science
Journalism / Life of a Freelance
Science Communicator

April graduated from Pembroke College, Cambridge with a first-class honours degree in Natural Sciences. She is currently stationed in London (United Kingdom) where she acts as an Editor-in-Chief of *News-Medical.net* (very popular life sciences & medicine portal). She also held workshops on interviewing techniques and science communication at Cambridge University, and is keen to share her experience with students and faculty of the youngest Croatian university – University North.

DAMIEN JONAS WILSON
Invited Speaker

Lecture Topic: Multiculturalism in
Science and Science
Communication

Damien comes from the lovely Caribbean island of St. Martin where he once served as a junior minister of tourism. Working in a highly diverse and multicultural setting during his student days in Utrecht (Netherlands), University of Zagreb (Croatia) and Harvard Medical School / Massachusetts General Hospital (USA), he gained a lot of valuable experience in science and science communication.
